**GENERATOR CERTIFICATION STATEMENT**

I CERTIFY AND WARRANT that the properties of this material offered for disposal are as represented herein, pursuant to regulations contained within 40 CFR Parts 260-279. This material is properly described on this characterization and the information on any attachments and/or supplements is true and correct; further, hazardous waste or hazardous waste residue was not diluted to avoid a hazardous waste identification nor to circumvent a land disposal prohibition. My certification is based on personal examination of the information submitted or is based upon my inquiries of those individuals responsible for obtaining the information. I further certify and warrant the identification is the result of an analysis of a representative sample obtained and analyzed in accordance with *Test Methods for Evaluating Solid Waste USEPA SW-846* or by applying generator knowledge. I authorize ERG Environmental (Environmental Recycling) to add supplemental information to this characterization and certify that I am an authorized agent for the waste generator and empowered to sign this form.
